Alle Farben releases Bad Ideas

"Bad Ideas make the best memories, even if you don't remember them..." True to that motto, **Alle Farben** is putting out his second single from his latest Long Player "Music Is My Best Friend". After the first hit single "Please Tell Rosie" (feat. YOUNOTUS), which has already achieved Gold status in Germany and Austria, this time the focus is shifted from Rosie onto the "**bad ideas**" people may have in life, which usually turn out to be the most memorable. Musically, the Kreuzberg resident adds more colorful elements to his wide palette of ideas this time out. This time beats are combined with chilled guitar fills and vocal hooks from Nashville resident Chris Gelbuda, who's vocal crosses the track over into potential pop-hit territory. The Berlin-based DJ also delivers a crazy video directly from Los Angeles, packed full of interest and including a wild chase. After "She Moves", "Supergirl" & "Please Tell Rosie", **Alle Farben** continues his story with "**Bad Ideas**" this late summer.
