Fabian Zuber as new head of Polytope Booking

Guesstimate introduces Fabian Zuber as the new head of Polytope Booking.

Fabi, as he likes to call himself, was born in Switzerland but has been living in Berlin for over 28 years. Fabi completed his education in event managing at Amadis and then worked for creative talent and Lichtdicht Booking/Filter Booking. During his previous booking career, he worked for bands like Stromae, Gogol Bordello, Milky Chance, Panic! at the Disco, Scooter, Sharon Jones & The Dap-Kings and many more. Other than that Fabi is always on time like a swiss clockwork. Also he loves music and Alpacas.

"After having gathered all my experiences and knowledge from small club concerts to the big shows in arenas and festival booking as well, the next step was to expand my knowledge in DJ bookings. I'm grateful for the trust of Guesstimate with it's various divisions and to become a part of them as head of booking. It's not only a working relationship. It's a close friendship which has already begun and I'm really looking forward working with the whole team to achieve the next goals."

"With Fabian as the new head of Polytope Booking, we are excited to not only bring a new leading face into the Guesstimate team but an experienced booker as well, particularly when it comes to live acts" | Gian Köhler, Managing Director Guesstimate.
