## **Guesstimate merges booking and events into a new division LIVE ENTERTAINMENT and signs Ante Perry**

Berlin, May 3rd 2017 | Guesstimate continues to restructure and bundles its booking and event production activities in a new department with Live Entertainment. The first signing of the new division is the all-rounder Ante Perry - DJ, producer, event organizer and label manager - and thus extends its artist roster with a Deep House mainstay and scene heavyweight.

Perry plays on international stages, from well-established clubs in Germany, Europe and the rest of the world. For many years, Ante has been convincing crowd and promoters with his own productions. The 2006 debut "Beach Power" and sequel "The Big Bang" deserve a special place of honor in his discography. In addition to various singles on labels such as Moonbootique, Systematic Recordings, Great Stuff Recordings and Kittball, as well as remixes for artists such as Tube & Berger, Dapayk, Phonique, Fivestar Deluxe, Jennifer Rostock and Spirit Catcher, he also released two full-length albums (Flashing Disco Sounds I & II). In February 2017, his latest EP "Attack" was published on Kallias Music, the sublabel of Guesstimate and thus comes full circle.

The combined department "Live Entertainment" will continue to represent the brand Polytope Booking. The long-term goal is to be able to offer a wide range of services from the live and booking fields, as well as to broaden the artist roster. Fabian Zuber, head of Live Entertainment, is responsible for the new department. Alongside the existing activities, Fabian and his colleagues Felix Mauer (booking), Josh Bremer and Ben Buchwald (event coordination) will attend to the new field of tour creation.

GUESSTIMATE Live Entertainment is booking partner and promoter, organizes and realizes events of all forms and sizes - from touring, taking care of advancing and the entire production to perfect live entertainment.
